Leading the way with Full Composite Construction

Composite is a super tough, durable, and lightweight material used by leading caravan manufacturers, with Crusader Caravans at the forefront of this movement. The innovative material is used to form the roof, floor, and wall panels of the latest range of Crusader Caravans, including the popular CRV range.

The cutting-edge material has been commonly used to build trucks, trains, trams, and planes for years. Crusader Caravans are leaders in the use of composite material and use composite panels across the entire Crusader range.

Crusader Caravans chose composite panels by Creative Composites as they are of the highest-quality. It's not just the material that is exceptional - the unique production methods developed by the skilled team at Crusader Caravans are key to achieving a top-quality caravan.

Often cited by industry experts as the future of caravan construction, it is expected many more caravan manufacturers will transition to full composite construction in the near future. You will hear a lot more about composite material and its benefits for years.

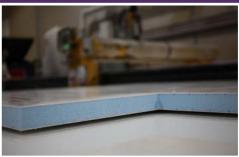

Crusader Caravans full composite builds are better. Here's why...

Not all composite builds on offer by caravan manufacturers are equal. Simply put, the quality of Crusader's composite material and manufacturing methods produce a better caravan. Here's the top 3 reasons why:

Crusader Caravans have extensive experience working with composite materials.

Crusader Caravans have advanced manufacturing techniques.

CSIRO OFFICIAL TEST RESULTS

A CSIRO study found the thermal performance of Crusader's composite panels to be better than other types of material commonly used by caravan manufacturers such as plywood and polypropylene.

What do these CSIRO findings mean?

Crusader Caravan's composite panels offer significant advantages including:

Better insulation: this means you can stay cooler in summer and warmer in winter.

More energy efficient: you'll use less energy to stay comfortable inside. This is especially important if you are staying off-grid.

Crusader Caravans Full Composite Construction

Advantages of a full composite build:

* Not all insurance companies offer a discount for full composite construction.

Our Family Range

Familia Lifechanger Tribe Lifechanger Bunkie Musketeer Palace Excalibur Castle

Our Family Bunk Range Magical memories to last a lifetime

What better way to enjoy the company of your family than in your caravan? Memories your kids will forever cherish, like gathering around the campfire roasting marshmallows, playing on the beach before a sumptuous BBQ, or listening to the sound of a river running or waves crashing. **How wonderful life can be!**

$\star\star\star\star\star$

"The minute we walked inside the Family Bunkie at the LeisureFest we fell in love with the quality, space, storage, and value for money. The service we have received from Crusader has been brilliant. We are now on our second lap of Oz and our van has been brilliant every step of the way. I couldn't recommend Crusader vans more highly."

Indicative lengths and weights are for standard configuration, any additional options or variations will increase weights. Weights are approximate only and can vary between individual caravans. The Compliance Plate specifies the accurate weight for each respective caravan. Alterations to designated ATM may be requested at the time of order provided it does not exceed the legal maximum and is subject to the final tare weight. Body length is measured externally from the front wall to the back wall. Overall length is measured externally from the A-Frame coupling to the back wall. Overall width is measured externally and includes all protruding fixtures.

- * Not all Family models are represented by these images.
 * Specifications vary by model. Please consult Spec Sheet and Crusader Caravans dealer.
- * Dividing curtain is not standard in any of the models. Please see a Crusader Caravans dealer to add this feature to your order.

CHASSIS & BUILD

- ✓ Box steel chassis 450MPa rated
- Ceiling height 2032mm/6'8"
- Fibreglass underbody protection
- Heavy duty jack with jacking points
- Tandem Axle
- ✓ Tow ball 50mm coupling
- Two arm bumper bar with spare wheel

BATHROOM

- Ensuite with separate shower & toilet
- ✓ Mirror in bathroom
- Mixer taps in basin, shower
- Raised ceramic vanity basin
- Fan hatches in bathroom
- ✓ Towel rail internal
- ✓Sliding door to bathroom

BEDROOM

- ✓ Roof hatch with lights
- ✓ Innerspring mattress main and bunks
- ✓ Slatted main bed base and upholstered bedhead
- ✓ Wardrobes with drawers

Scan to view page

✓ LED reading lights with USB points

Standard Features

KITCHEN

- ✓ Kitchen splashback
- Microwave
- 🗸 Mixer tap
- ✓ Rangehood
- ✓ Sink and tapware in chrome

LIVING

- Heavy duty vinyl flooring
- Padding over entry door

CABINETRY

- ✓ Dual gas door struts on overheads
- ✓ Metal sided drawers with nylon runners
- ✓ Plywood computer cut cabinetry (No chip board)

ELECTRICAL

- ✓ CD USB Bluetooth System and speakers
- External TV Hutch
- ✓ Front Loading washing machine
- ✓ Two external speakers
- Power points in wardrobes and living areas

EXTERNAL

- ✓ Picnic table
- ✓ Roll out awning

HATCHES, HEATING & COOLING

- ✓ Pressure vent
- Reverse cycle air conditioner
- ✓ Roof hatch with lights

SAFETY

- ✓ Breakaway system
- Camera monitor for car (supplied loose)
- ✓ Fire extinguisher
- Rear-view camera single view
- 🗸 Smoke alarm
- Security door

WATER & GAS

- Digital water tank gauge
- External gas bayonet fitting
- Tap on A-Frame
- Gas and electric hot water system
- Two 95 Litre fresh water tanks with 12v pump
- Two 9kg gas bottles
- Two lockable water fillers

WINDOWS & DOORS

- ✓ Tinted double glazed windows with blockoutblinds
- ✓ Door roller blind
- External security screen door
- Flyscreens to all windows

Body Length 12'6" 3830mm*

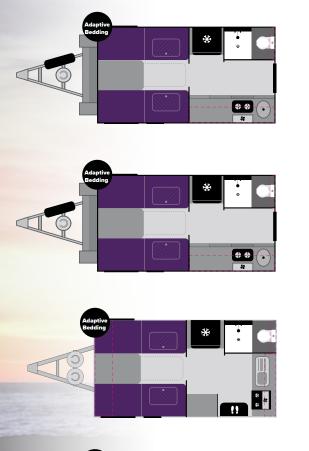

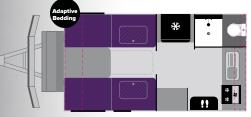

Meg Absolom Being first-time caravan buyers, towing a large van was very daunting. We wanted an off-road van with ensuite, possibly single beds, a large fridge and a good power source, so when we found the Crusader Gladiator Force, it was a no-brainer. Australian Made, fair price, all the features we asked for in a sized van both my husband and I would be happy towing, plus more economical on fuel and cheaper on the Spirit of Tasmania.

Sleeps

Neil Frost I was so impressed that the tiny Gladiator had so many more features when compared to much larger caravans in the same price range.

Adaptive bedding configuration: Single beds zip together for a double bed in all models

MUSKETEER

Style, luxury and exceptional build quality

With seven different models to choose from, every van is crafted from top quality materials by highly skilled tradespeople who take care and pride in their work.

"After having 3 Euro vans in 8 years, we decided it was time to buy an Australian van. It just happened that the dealer we bought our Euros from started selling Crusader. One look and we were hooked!! We love our Aramis and Crusader has been absolutely amazing! We could not be happier with our decision and our van. It's the best van we have ever had!"

- Carol Allen

Proudly **Australian Made**

Diverse range of layouts

Full composite construction

Reputation you can trust

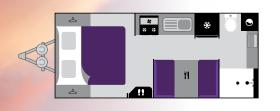

2

Dwayne Mooney Australian owned and built. Great height inside of our Musketeer. The Grey over black exterior colours never dates. The only issue we have with our loved Musky is there are no issues to talk about. Outstanding.

Loretta Woodford We were ready to upgrade and Crusader had everything we could have asked for. With our Musketeer Aramis, we were able to choose the colours we wanted, inside and out. We were able to design and add exactly what we wanted, and we love our Queen size bed. Our salesman also had ideas that we had not thought about. All the extras to make life easy. Thankyou Dennis. We are very happy with the choice we made and love being part of the Crusader family.

MUSKETEER

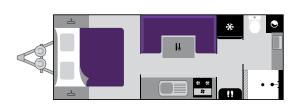

@wilkoz_adventurez We have just finished half a lap of Oz with our Crusader Musketeer Palace and we are very happy with how our van travelled. It's currently being serviced and some things attended to which the team were more than happy to help us out with. Thank you Crusader for getting us around Australia safely.

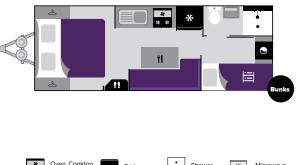

Trish Tilbrook We love the thoughtfulness that has gone into making the Crusader Caravan a comfortable home. We have a Musketeer Recliner as we love the comfort and manoeuvrability that they provide.

Fiona Adams After looking and researching for 18 months, we stepped inside the Excalibur and just knew we had found our van! We loved the open, spacious feel of the van and the extra storage of the rear boot. Everything was included, nothing we needed was an optional extra.

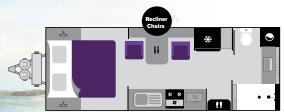

Our van is four years old and we love it now as much as we did the day we chose it.

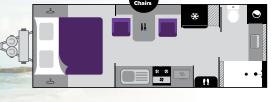

We're so happy to be a part of the Crusader family!!

Maxine Dashwood We bought our Excalibur Duke as Crusader was the only manufacturer who would build to our special requirements. Thoroughly love our mobile palace and would look at a Crusader if and when we buy again.

The Crusader Caravans Difference

MULTI-AWARD WINNING

MANUFACTURER OF EXCELLENCE Crusader Caravans are a multi-award winning Australian manufacturer of exceptional caravans.

We have been officially recognised by industry experts as having superior manufacturing methodology resulting in exceptional caravans.

A BRAND YOU CAN TRUST

Crusader Caravans are a long-established manufacturer with a sound reputation and strong resale value. We stand behind our products. You can put your trust in Crusader Caravans knowing that you are investing in the best your money can buy.

BETTER DESIGNED & BETTER BUILT

We insist on the best quality materials and components at every production stage, starting

from the ground up. Our chassis are strong and made in Australia using 100% Australian Steel.

Crusader's quality processes, the use of innovative materials and dedicated qualified workforce ensure the superb quality of every Crusader caravan.

LEADING THE WAY IN FULL COMPOSITE CONSTRUCTION

Crusader Caravans are leading the way with full composite construction. Our roof, floor and walls are full composite one-piece designs without joins, resulting in less chances of water penetration.

Composite material is the future of caravan construction because it's lighter, stronger, and better insulated. Crusader Caravans are proud to be at the forefront of this exciting innovation.

PROUDLY MADE IN AUSTRALIA

We are proudly Australian owned. Every caravan from Crusader Caravans is built for Australian conditions.

When you buy a Crusader Caravan, you know you are buying local and helping safeguard the jobs of many Australians.

CUSTOMER RELATIONS TEAM

When you purchase a Crusader Caravan you become part of the Crusader family, and at Crusader we look after family.

Help is here if needed. Our Customer Relations Team provide you with peace of mind by offering exceptional support and advice at every stage of the customer experience; from purchase to delivery, and beyond as you roam this wonderful country of ours.
