Leading the way with Full Composite Construction

Composite is a super tough, durable, and lightweight material used by leading caravan manufacturers, with Crusader Caravans at the forefront of this movement. The innovative material is used to form the roof, floor, and wall panels of the latest range of Crusader Caravans, including the popular CRV range.

The cutting-edge material has been commonly used to build trucks, trains, trams, and planes for years. Crusader Caravans are leaders in the use of composite material and use composite panels across the entire Crusader range.

Crusader Caravans chose composite panels by Creative Composites as they are of the highest-quality. It's not just the material that is exceptional - the unique production methods developed by the skilled team at Crusader Caravans are key to achieving a top-quality caravan.

Often cited by industry experts as the future of caravan construction, it is expected many more caravan manufacturers will transition to full composite construction in the near future. You will hear a lot more about composite material and its benefits for years.

Crusader Caravans full composite builds are better. Here's why...

Not all composite builds on offer by caravan manufacturers are equal. Simply put, the quality of Crusader's composite material and manufacturing methods produce a better caravan. Here's the top 3 reasons why:

1 Crusader Caravans have extensive experience working with composite materials.

2 Crusader Caravans use world-leading composite materials.

3 Crusader Caravans have advanced manufacturing techniques.

The Crusader Caravans Difference

MULTI-AWARD WINNING MANUFACTURER OF EXCELLENCE

Crusader Caravans are a multi-award winning Australian manufacturer of exceptional caravans. We have been officially recognised by industry experts as having superior manufacturing methodology resulting in exceptional caravans.

A BRAND YOU CAN TRUST

Crusader Caravans are a long-established manufacturer with a sound reputation and strong resale value. We stand behind our products. You can put your trust in Crusader Caravans knowing that you are investing in the best your money can buy.

BETTER DESIGNED & BETTER BUILT

We insist on the best quality materials and components at every production stage, starting

from the ground up. Our chassis are strong and made in Australia using Australian Steel.

Crusader's quality processes, the use of innovative materials and dedicated qualified workforce ensure the superb quality of every Crusader caravan.

LEADING THE WAY IN FULL COMPOSITE CONSTRUCTION

Crusader Caravans are leading the way with full composite construction. Our roof, floor and walls are full composite one-piece designs without joins, resulting in less chances of water penetration.

Composite material is the future of caravan construction because it's lighter, stronger, and better insulated. Crusader Caravans are proud to be at the forefront of this exciting innovation.

PROUDLY MADE IN AUSTRALIA

We are proudly Australian owned. Every caravan from Crusader Caravans is built for Australian conditions.

When you buy a Crusader Caravan, you know you are buying local and helping safeguard the jobs of many Australians.

CUSTOMER RELATIONS TEAM

When you purchase a Crusader Caravan you become part of the Crusader family, and at Crusader we look after family.

Help is here if needed. Our Customer Relations Team provide you with peace of mind by offering exceptional support and advice at every stage of the customer experience; from purchase to delivery, and beyond as you roam this wonderful country of ours.
